

Article number: 221 079
Description: Roof anchor pantile-1

Content: 2 roof anchors
2 interlocking bolts
2 washers
2 M8 nuts

Article number: 231 678
Description: Roof anchor pantile-1/100

Content: 100 roof anchors

To fix the roof-mounted system to a pantile roof. In the case of roof anchor pantile-1 (Art. No. 221 079) and roof anchor pantile-2 (Art. No. 221 368), the interlocking bolt must be pre-fitted with the washer and the M8 nut must be pre-fitted on the roof anchor.

Roof anchor – pantile

The pantile-1 roof anchors are mounted and secured on additional roof battens. The mounting rails are screwed onto these roof anchors.

The screws (Spax or similar) for fixing the additional mounting battens to the cross-battens/roof rafters are to be provided by the customer.

Features

- Stainless steel interlocking bolt (only for pantile-1 roof anchor)
- Stainless steel roof anchors
- High mechanical load-bearing capacity
- Easy to align mounting rails
- Can be installed irrespective of position of rafters
- Easy and secure assembly – just hook in and secure with wood screws
- Proof of structural integrity
- Tested in accordance with EN 12975-2.
