

**Article number:** 221 918  
**Description:** Installation kit 1 (crane assistance)

**Contents:**

10	cruciform brackets with holes
10	pins
	(ISO 2338 - 8m6x60)
20	punching screws
10	anchor blocks

### Installation kit 1 (crane assistance)

Installation kit 1 (crane assistance) is a quick install system for pre-assembling an array of standard PV modules and for fitting them in PV Light mounting rails with the help of a crane.

### Features

- Quick and easy assembly
- Can be pre-assembled
- Weather-resistant aluminium
- Proof of structural integrity

Aluminium<sub>Natural</sub>: Plate finish (similar to RAL 7035, light grey)

**Article number:** 221 919  
**Description:** Installation kit 2 (crane assistance)

**Contents:**

10	cruciform brackets without holes
10	pins
	(ISO 2338 - 8m6x60)

### Installation kit 2 (crane assistance)

Installation kit 2 (crane assistance) is a quick install system for pre-assembling an array of standard PV modules and for fitting them in PV Light mounting rails with the help of a crane. It supplements installation kit 1 (crane assistance) as a centre piece that does not need to be screwed.

### Features

- Quick and easy assembly
- Can be pre-assembled
- Weather-resistant aluminium
- Proof of structural integrity

Aluminium<sub>Natural</sub>: Plate finish (similar to RAL 7035, light grey)
